

General Mathematics

Title of manuscript:

Author (s):

1. Topic

of great interest []
fairly interesting []
of little interest []
of no current interest []

2. Novelty/Originality

excellent []
good []
fair []
very poor []

3. Technical correctness

correct []
doubtful correctness []
not correct []

4. Organization and clarity

very good []
good []
satisfactory-readable []
acceptable []
poor-difficult to read []

5. Language

excellent []
good []
acceptable []
fair []
very poor []

6. Length of paper

excellent []
good []
acceptable []
fair []
very poor []

7. Reference to prior work

excellent []
good []
acceptable []
fair []
very poor []

8. Appropriateness to journal

excellent []
good []
acceptable []
fair []
very poor []

9. Conclusions

The paper is outstanding []
The paper is of very good quality and definitely should be published []
The paper is of good quality and should be published []
The paper could be published after being revised []
 Minor revision is needed []
 Major revision is needed []
The paper should be rejected []
